

# DETAIL - OUTREACH

**Position Title:** Fire Application Specialist

**Series/Grade:** GS-0401-9/11

**Organizational Unit:** WO Fire and Aviation Management - Wildland Fire Management RD&A

**Duty Station:** Virtual

**Length of Tour:** 90 days with potential to extend to 120 days.

---

The Wildland Fire Management Research Development and Application (WFM RD&A) Program, within the Rocky Mountain Research Station is looking for a 90-120 day detailer for a Fire Management Specialist position. **The detail would start approximately June 15<sup>th</sup> and run through September 15<sup>th</sup>.** Start and end dates are negotiable. This is an exciting opportunity providing a challenging and rewarding experience that supports science application and integration in wildland fire management for all federal fire management agencies.

The primary role of this detailed position would be to serve as a fully qualified Fire Behavior Specialist to provide analysis support as requested by incidents or units. The Fire Behavior Specialist could be either an FBAN who has completed S495 or an LTAN. In addition, this position may assist with one or more of the following projects: Spatial fire planning, WFDSS help content/documentation, IFTDSS development and documentation, in addition to other duties as assigned.

**Primary Duties:**

- Provide analysis and interpretation wildland fire risk and decision support information to agency administrators and fire management staff in the field during emerging and ongoing wildfire incidents
- Manage and coordinate on-call fire behavior specialists and provide on-call support for the Wildland Fire Decision Support System (WFDSS)
- Provide assistance to fire managers in the use of risk and fire management decision support applications

Visit [www.nwcg.wfmrda.gov](http://www.nwcg.wfmrda.gov) for more information about the program
